## Personal Profile:

---

A multi-skilled, talented Software Engineer currently studying at Sheffield Hallam University, first year. I am looking for opportunities that will open the door to a lifetime career path and provide me with the opportunities needed to excel in the sector of App Development. As I am currently expanding my knowledge of languages such as C#, C++, and SQL, I am hoping to apply this practically into the workplace. I have great interpersonal skills and an astounding work ethic, with a drive to complete tasks to a perfect finish.

## Education:

---

### Sheffield Hallam Uni; Software engineering (BEng) (Sep 2019 – Present)

Modules in Progress:-

Component programming (C#), Fundamentals of Computer Programming(C++), Mathematics, Fundamentals of Computer Architecture, Systems Modelling, Professional Experience and Project Development.

### New College Pontefract (2013-15)

Grades Received:-

D\*DD (BTEC Extended Diploma in IT)

### Freeston Academy: (2008-13)

Grades Received:-

6 GCSE's C-A\* including English, Maths, and IT.

## Work Experience:

---

### CMS Distribution (Warehouse Operative) February 2018 – July 2019

- Operating and maintaining desktop PC's.
- Designing and creating labels specific to customer requirements.
- Picking and shipping orders to required deadlines.
- Liaising with office staff to ensure orders are correctly booked to the correct locations.

## Work Experience Continued:

---

### Sheridan Fabrications (Worktop Fabricator) September 2016 – January 2018

- Operating High powered cutting machinery.
- Working as a team on a production line and fluently switching job roles.
- Learning new information about which materials work best with others
- Quality checking the finish of a worktop against company regulations to ensure the clients are satisfied with the product provided.

### Infinity Promotions (Face-To-Face Sales Representative) August 2015 – May 2016

- Mapping out areas for the team to target while taking into consideration which areas have already been targeted by similar companies.
- Thinking on my feet to ensure the customer is happy while abiding by sales regulations.
- Day by day planning in an ever-changing industry.

### Victoria garden centre (Waiter) November 2014 -July 2015

- Providing a fast, reliable service.
- Maintaining the cleanliness of the shop floor and the kitchen.
- Spotting when a customer isn't satisfied and amending this in a way that both pleases the customer and the company.

## Interests:

---

When I am not focusing on my studies, I am usually out with friends either skating or generally socializing, because I believe this is a great way to build character while still having a good time. I also enjoy playing either new or nostalgic video games to either see the stunning technological advances the industry has made or re-living childhood memories. Aside from this, I enjoy exploring the newest Mobile Applications as I am hoping to follow the development career path of such apps as I believe mobile apps are the future of technology. I particularly enjoy small indie games because I find it interesting to see what can be done with such a small team and a passion for the industry.
